Hey Friends!

I'm Aleksandra.I'm a **Student** at **IMC Krems** with a passion for learning

Meet my sister!

My sister Viktoriya and I are absolutely inseparable — like two halves of one heart. She's not just my sister, she's my bestie, my partner in laughter, and my forever confidant. No matter what we're doing, everything feels brighter and more fun when she's around. We share inside jokes, endless giggles, and a bond that nothing could ever break. Viktoriya is pure sunshine, and I'm so lucky to have her in my life — my sister, my best friend, my favorite person in the world. ❤️

- A short story about me and my life
- Explaining what are my interests and hobbies

About me

My name is Aleksandra — I'm from beautiful Bulgaria, and I'm currently a student with a big love for learning and life. I've always been curious about the world, which probably explains why I became a European Ambassador back in high school — connecting cultures and ideas has always inspired me. When I'm not studying, you'll probably find me with a good book in hand, playing tennis because this is my desire sport since i was 4, or spending time with dogs (because honestly, they make everything better). I try to fill my days with laughter, kindness, and a little bit of adventure — life's just more fun that way! ✨
